

# MEASURING LEG TUBE SIZE

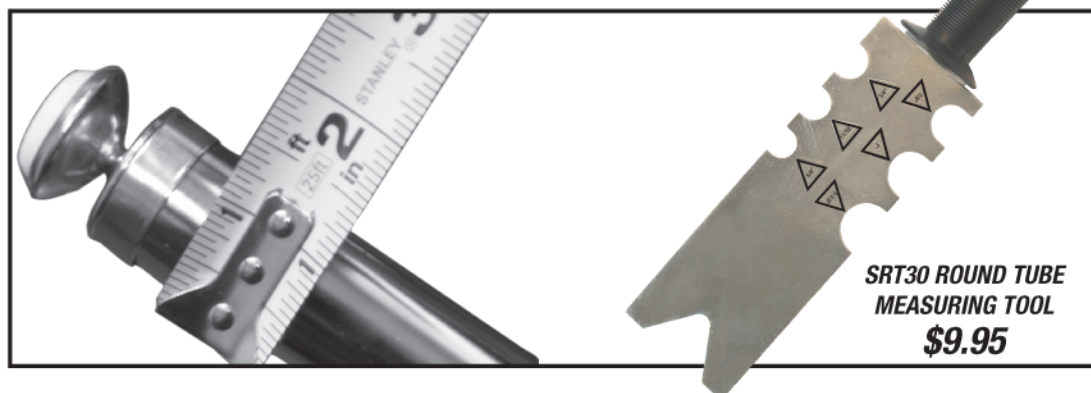

**SRT30 ROUND TUBE  
MEASURING TOOL**  
**\$9.95**

Generally speaking, the most popular sizes for round tubing legs are, 5/8" and 1-1/8", but 1", 7/8", and 3/4" are also very common. To measure leg tubing, place a tape measure or calipers just above the existing glide. If you have the sizing tool, **SRT30** (shown above) the sizes are pre-notched and will make measuring easier and more accurate.
