

# Model: RLM78

## Installation Instructions

### ASSEMBLY:

- Step 1.** Assemble the frame (Parts 6 & 7) by sliding the beveled ends of the frame extension into the open ended holes of the base frame.
- Step 2.** Insert bolt and washer into the 1/4" hole and secure with nut cap, tighten down nuts & bolts.
- Step 3.** Repeat Steps 1 & 2 for opposite side
- Step 4.** Flip assembled frame over, apply wheel caster. Tighten down all casters with washer, lock washers & bolts.
